

Figure 1 is a line graph showing the cumulative distribution of CCRT (sec) for five groups: Control (blue), MCI (orange), AD (green), MCI+AD (red), and MCI+AD+AD (yellow). The x-axis represents CCRT (sec) from 0 to 3600, and the y-axis represents the cumulative distribution. The Control group shows the fastest response times, followed by MCI, AD, MCI+AD, and MCI+AD+AD, which shows the slowest response times.
